10 Artists You Should Know From Art Projects at the London Art Fair

LONDON ART FAIR | BY LEIGH SILVER | 16.01.14

“...Compiled and edited by Justin Hammond, The Catlin Guide 2014 is an introduction to 40 of the most promising new graduate artists in the UK, as recommended by a wide survey of curators, collectors, gallerists and course tutors. Ophelia Finke is one of this year’s selected artists, whose work creatively embraces a whole world of media. This particular piece shows the impact that an artist’s personality can have on an artwork, blurring the line between where the artist’s personality ends and the artwork begins.”
